

CRIMINAL MINDS

Tuesday 8PM ET | s-CBS

“Criminal Minds” revolves around an elite team of FBI profilers who analyze the country’s most twisted criminal minds, anticipating their next moves before they strike again. The Behavioral Analysis Unit’s most experienced agent is David Rossi, founding member of the BAU, who is essential in helping the team solve new cases. Other members include Special Agent Emily Prentiss, who returns to the team after being the head profiler at Interpol; Special Agent Dr. Spencer Reid, a classically misunderstood genius whose social IQ is as low as his intellectual IQ is high; Jennifer “J.J.” Jareau, the team’s former unit liaison turned profiler, Penelope Garcia, the team’s indispensable computer wizard who helps research the cases with her unique charm; Dr. Tara Lewis, a forensic psychologist whose expertise is studying and interviewing serial killers after they’ve been captured to determine if they are able to stand trial; Luke Alvez, a former Army ranger and excellent tracker recruited to the BAU from the FBI’s Fugitive Task Force; and Special Agent Simmons a former member of the International Response Team. As the team evolves together, the BAU continues its dedication to using their expertise to pinpoint predators’ motivations and identify their emotional triggers in the attempt to stop them.
