

CRIMINAL MINDS

CRIMINAL MINDS revolves around an elite team of FBI profilers who analyze the country's most twisted criminal minds, anticipating their next moves before they strike again. The Behavioral Analysis Unit's most experienced agent is David Rossi, a founding member of the BAU, who is essential in helping the team solve new cases. Other members include Special Agent Dr. Spencer Reid, a classically misunderstood genius whose social IQ is as low as his intellectual IQ is high; Jennifer "J.J." Jareau, the team's former unit liaison-turned-profiler who handles motherhood and marriage with the same skill as she solves cases; and Penelope Garcia, the team's indispensable computer wizard who helps research the cases with her unique charm. Each member brings his or her own area of expertise to the table as they pinpoint predators' motivations and identify their emotional triggers in the attempt to stop them.
