

## MIKE & MOLLY

From the hilarious minds of Two and a Half Men's Chuck Lorre and Mark Roberts, Mike & Molly is a romantic comedy about a working class Chicago couple who find love when they think they're destined to be alone. Officer Mike Biggs is an easygoing cop who found his perfect match in Molly Flynn. A former fourth grade teacher now published writer, Molly is an indomitable spirit who throws herself wholeheartedly into every new project -- especially marriage. Mike and Molly still have the happy glow of newlyweds, but the first few years of bliss have had unexpected obstacles: like living in Molly's childhood home with Joyce, Molly's sassy, sharp-tongued mother; Joyce's husband, the ever-annoying Vince Moranto; and Victoria, Molly's party-girl sister. It's a wonder our charming couple is able to find their own little piece of happiness. But they always do.
